A passionate educator for the past 2 decades presently the Honorary Secretary & Governing Council member of Cosmopolitan Education society which imparts quality & affordable education to more than 8000 students from KG to PG.

Dear Readers,

It feels great to be able to connect with you after a long hiatus. The last two years have been all about challenges and the hard work to sail through those challenges and come out victorious. In these last two years we struggled with grief, pain, loss, remorse of the lost time and life taking a back seat. If you introspect, you will often find that you lose everything when you stop fighting but when you continue fighting there is 'hope'. This elixir called 'hope', kept Parisar Asha chugging.

We, at Parisar Asha took every challenge thrown at us under our stride and our optimism helped us to remain afloat. We embraced “change” as our mantra and kept evolving to bridge the gaps in the education system. We came up with multiple programs to help the children recover their missed-out time in their classrooms and also help them attain their developmental milestones. The fear of pandemic did not cow us down. We were relentlessly working to rejuvenate the education system and lived with a 'hope' for a better tomorrow.

After every storm, the sun does smile brightly. Same applies to life. Covid is still looming upon us but the poisonous fangs have been dulled with the cleaver of science and technology. Life is slowly going back to normal and we are delighted to see the children back to school. We have also gone back to our old model creating a beautiful synergy between the joyful learning system with a digital twist. We are back to school now rolling our programs. Every day we are making efforts to bring back the joy of learning and also help the school authorities, students and parents accept the change.

Pandemic has taught us the biggest lessons of our lives and that is 'impermanence'. But simultaneously it has triggered our resilience, optimism and the 'never die' attitude. This issue of ours talks about our efforts towards the various innovations which we brought about during the Covid times and our efforts at remodelling the education system post the wide-spread pandemic outbreak.

We hope our initiatives keep inspiring us to keep taking up more impossible feats and motivate others to keep their spirits high as times do turn and tough times do pass away; what remains are the impressions of the positive impact created and the lives touched for a better tomorrow.

Keeping the Hope Alive

Who we are...

“Education must present our children with a gift that offers the wonders of exploratory learning, the confidence that comes from building one's discovered strengths, the hope that comes from seeing, the problems, when faced, rather than feared, become challenges for creative solutions; most of all, a way of life ”

- Late Gloria De' Souza , Founder, Director, Parisar Asha

Parisar Asha, Environmental Education Centre, introduced modern experiential education that encouraged students to think and solve problems, instead of rote learning. Since 1982, this non-profit, registered Public Trust (Reg. No. F 14364, B.P.Trust Act), is serving the society through its unique learning approach 'ESAL'- 'The Environmental Studies Approach to Learning', that provides a joyful, holistic, child-centric and quality education to create positive, sensitive and successful global citizens. In the academic year 2019-20, Parisar Asha has touched thousands of students from private and government schools, pan India.

“Education through the Environment for the Environment.”

Gloria de Souza

Over the years,
Parisar Asha's reach :

- 3200 Schools
- 2,70,000 Teachers
- 14,00,000 Students
- 42,10,000 Families

Educational Initiatives :

Powering Education through Eco-tech Digital Resource Centre :

“ A man's mind, stretched by new ideas, may never return to its original dimensions.”
Oliver Wendell Holmes Jr.

After the pandemic has hit us, we have realised that education is one of the human development pillars which has been affected severely and schools have been struggling to cope with the situations. The entire school system is going through a difficult phase and facing numerous challenges. Efforts are now directed towards continuing education and providing access to all our teaching-learning materials, especially during the pandemic outbreak.

Hence, we launched our Eco-tech Digital Resource Centre. This is a digital knowledge sharing platform, which provides access to all teachers, students and even our parents to all the teaching- learning materials which they are missing out, due to the non-physical classroom situations. We strongly believe this will break all geographical barriers and ensure continuation of education.

Distribution of Students' Learning material, observing the COVID-19 Precautions:

While we migrated to the digital platform, we have also kept the sanctity of our original program intact, by distributing the hard copies of our students' learning materials to our partner schools, by observing the COVID-19 precautions. We took these special efforts so that children can continue their education sitting at home with the aid of our learning materials.

Introduction of Home-based learning Materials:

While the school education was completely stunted, we had to come up with quick solutions. Our Academic Team started working on home-based learning resources which we started sending to the schools to be further given to the students. These new learning resources were meant for children's practice and reinforcements.

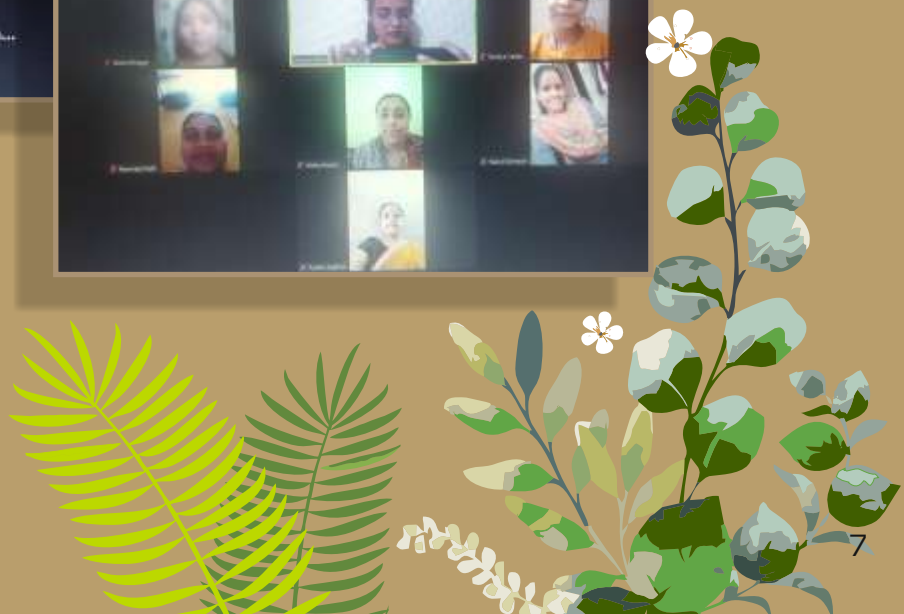

Educational Initiatives :

Online Teachers' Training Programmes :

Understanding the precarious situation during this pandemic, Parisar Asha started extending help to the teachers' community by conducting free sessions on various trends of online teaching. Parisar Asha came across many teachers who have never been exposed to online teaching technologies. Parisar Asha took up this challenge and started orienting the teachers about the use of technology to enable classroom transactions. However, after continuous training and hand-holding, our teachers started adapting to new technologies for teaching, which they successfully used in creating interactive online classroom experiences. We received very positive response and now we feel we can successfully impart education and continue the process, even beyond the four walls of a traditional classroom.

Online Mentoring Sessions:

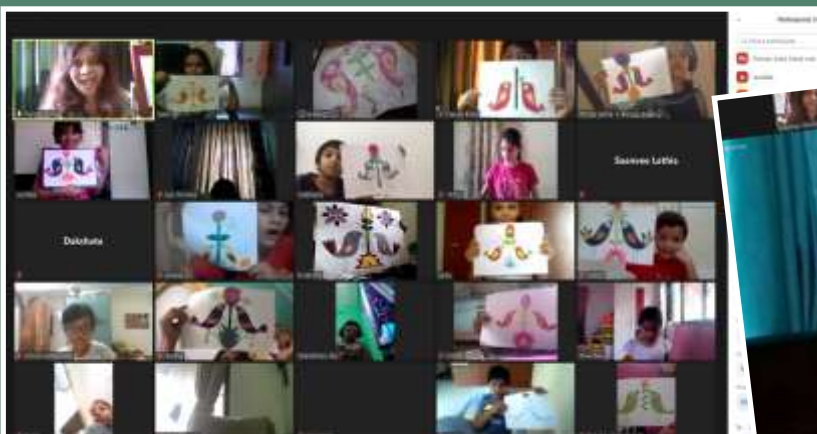

While the schools started slowly adapting to the new digital mode of learning, the teachers needed continuous hand holding to adapt to the new teaching mode and equip themselves with new teaching techniques. Hence, Parisar Asha's expert mentoring team started conducting regular mentoring sessions with the teachers of the associated schools to help them overcome the impediments. These sessions were used to train the teachers to effectively conduct the regular classes and sessions.

ENRICHMENT PROGRAMME

International Online Summer Camp :

We conducted two successful seasons of International Online Summer Camp between 19th April and 21st May'21 for children between age group 8 to 15 years. This was an initiative to engage children in fun-filled creative activities. During these sessions children learnt various forms of traditional and international art and craft. They also indulged into theatre activities and engaged in creative writing. It was an ideal way of unleashing the creative facets of the children while beating the boredom of the summer holidays. 107 children participated in this summer camp .

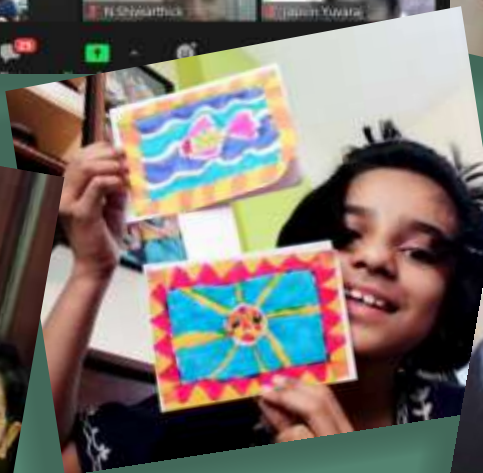

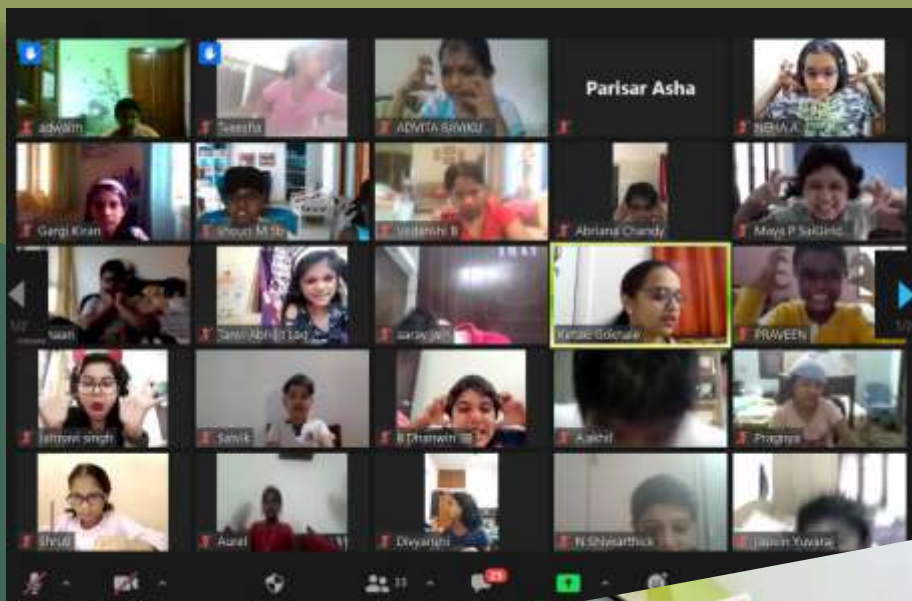

ENRICHMENT PROGRAMME

Creative Kids Summer Camp in Collaboration with The Hindu :

Between 31st May'21 to 11th June, Parisar Asha in collaboration with The Hindu conducted a week long summer camp for 170 children in two batches for age groups 7 to 10 years and 11 to 15 years. Separate activities were designed for the two age groups where the children indulged in fun-filled activities related to World Art, Traditional Art, Creative Lettering, Mind mapping, Speech and Drama and Language Enrichment.

ENRICHMENT PROGRAMME

Reading Club (FREE for all) to Increase Language Proficiency of Children

Language is a vital part of human connection. It has the power to build societies, but also to tear them down. While the countries are being shrunk to one global village, it becomes important to master the English language. Children, especially those hailing from the marginalised section, find communicating in English a daunting task with their strong vernacular foundations. This gap is all the more increasing, as the children are not attending their regular classes. In order to counter this, we started free reading clubs for two age groups - 7 to 10 years and 11 to 14 years. This club is conducted by our language experts aimed at inculcating the reading habit among children which is somewhere getting lost due to the heavy insurgence of the digital media. The efforts are also directed at improving language skills and we have seen stark difference among children, two months after they joined the club. In the last one year, we have reached out to more than 437 students.

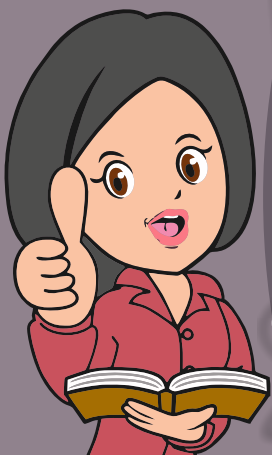

ENRICHMENT PROGRAMME

Spoken English - to Increase Language Proficiency of Children

It is often found that children struggle in proficiently using the English language as they hail from vernacular backgrounds. This gap all the more increased, as the children were not attending their regular classes. In order to counter this, we started Spoken English sessions for two age groups - 7 to 10 years and 11 to 14 years. These sessions were conducted by our language experts aimed at improving their reading and writing skills. The efforts were directed at holistically improving language skills. In the last one year we reached out to more than 420 students.

Spoken English

ENRICHMENT PROGRAMME

Online Eco-friendly Ganpati Workshops

Last two years have been devastating while Covid-19 had engulfed human civilization. Among such a catastrophic scenario, humans yearned for some positivity, hope and joy to recuperate from the loss and grief. And what better way can it be than celebrating our beloved Ganpati festival.

However, while the situations were tough and with the norms of social distancing, we decided to conduct the workshops online and still uphold the spirit of this beautiful festival. This year, we once again like the previous year conducted the Ganpati making workshop through digital platform and taught the participants the process of making Ganpati idols using eco- friendly materials which were easily available, within the secured walls of their homes. This helped us to reach to many more participants and go beyond the geographical boundaries of Maharashtra and conduct multiple sessions. This mode of imparting trainings about Ganpati idol making helped us to encourage people to maintain social distance and decrease the number of footfalls in the Ganpati idol selling shops and help us contain the spread of COVID-19.

In this mission we collaborated with The Hindu and together we conducted 6 workshops and reached out to 446 children.

ENRICHMENT PROGRAMME

Mom & Me Summer Camp :

A special one-week summer camp was organised for toddlers between the age group of 4 to 6 years along with their mothers. In this camp fun-filled activities were organised where mothers participated with their children engaged with them as they explored the world of art, craft and storytelling. 25 enthusiastic participants participated in this summer camp.

A decorative graphic featuring two stylized fern fronds and a single white flower. The fronds are rendered in vibrant green and bright yellow, with detailed leaflets. The white flower has five petals and a brown center, positioned in the lower right. The background is a solid dark brown, and a light gray curved shape is visible at the bottom right corner.

The screenshot displays a Zoom meeting interface with a grid of 20 participants. The participants are arranged in 4 rows and 5 columns. The names of the participants are visible below their respective video feeds. The names include 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', 'KPSM Rishi Singh', and 'KPSM Rishi Singh'. Some participants have custom avatars with letters like 'N' and 'A'. The meeting title 'KPSM' is visible at the top left.

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES :

Mental Health & Wellness Initiatives Supported By Capgemini India

COVID-19 Helpline

Parisar Asha has been running a Positive Parenting & Child Helpline (1800532244/ 9594466461) toll-free helpline for parent, youths and students to provide them solutions for problems on scholastic, parenting, substance abuse, relationship issues, clinical stress and other mental health problems since 2017, with the support of its corporate partner Capgemini India. During the pandemic outbreak, we extended our toll-free Helpline for the COVID-19 relief work. We collaborated with many local NGOs and became a part of the Collective Action Group. We then started providing food and medical assistance to the affected people in different parts of India, like Tamil Nadu, Telengana and Mumbai. We also reached out to migrant labourers at Palghar. Through this initiative, we reached out to more than 2000 beneficiaries.

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES :

Mental Health & Wellness Initiatives Supported By Capgemini India

Mental health and Wellness Sessions for Parents, Youths and Students

Over the years we have been conducting numerous workshops for parents, youths and children. Our team of psychologists and psychiatrist devised modules on Stress Management, Anger Management, Time Management, Substance Abuse and Digital addiction. We received an overwhelming response for this initiative of workshops as well.

As the world is currently struggling to deal with the COVID 19 pandemic, we realized that there is an increasing concern about mental health of people from all age groups suffering from anxiety because of various reasons such as career growth, job loss, loss of productivity because of work from home so we devised modules specifically for different age groups on parenting, manage stress, time, anger, anxiety, depression during this crisis. To arrest this situation, we switched to conducting workshops on these topics through online medium like Zoom and Facebook live. We have received an overwhelming response to this initiative because these workshop modules are specifically created keeping in mind the current crisis that the world is going through. We have also been receiving positive feedback as to how these workshops have helped people to battle their problems.

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES :

Mental Health & Wellness Initiatives Supported By Capgemini India

Ask the Expert Series

We also started a special talk show called the EXPERT SERIES where we have been inviting experts from the world of mental health, who share their valuable insights about the issues such as anger, depression, how to handle relationship issues, how to overcome digital stress and many more. These talk shows were conducted online through Zoom and Social Media streaming, and are held every Thursday.

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES :

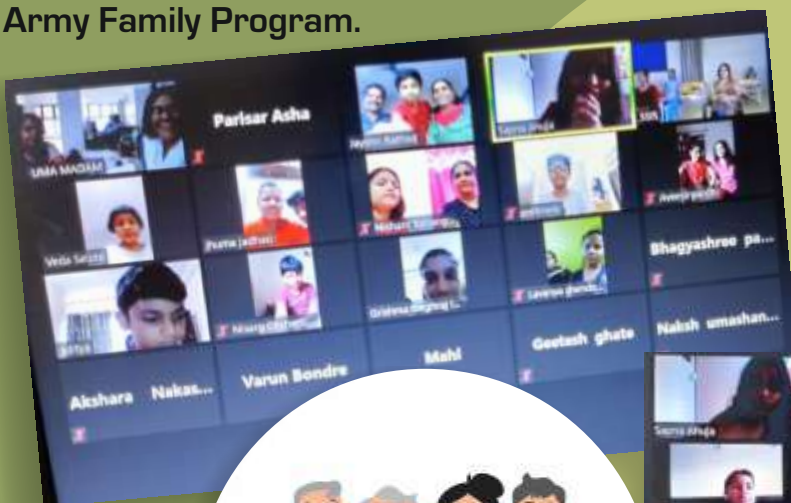

**Million Caring Citizens Programme :
Green Army Family initiative supported
by Mahindra Lifespaces**

Million Caring Citizens Programme

Million Caring Citizens' program originally known as a Green Army Program was curated as a school outreach program which was inceptioned in 2015 to educate the school children on aspects of sustainable living, a CSR initiative of Mahindra Lifespaces. This was initiated to provide students with the knowledge and practical skills on sustainable living.

During the pandemic outbreak the school ecosystem has undergone major transition. Children were restricted to their homes; classroom learning had migrated to online platforms and parents were struggling to maintain a work life balance. Under such circumstances, we felt there is a need to work towards creating sustainable families where all the family members as a unit practice sustainable practices for health and prosperous living. Hence, we took the Green Army Program one notch ahead and moved out of the classrooms to reach out to the families with our new free initiative Green Army Family Program.

This year we conducted Green Army family workshops for families in Chennai and school students at Nagpur and reached out to **1020** participants.

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES :

Eco- Ganpati Making Workshop with support of UPL

Parisar Asha has been conducting Eco- Ganpati Making Workshops with the generous support of UPL for the past six years. This initiative aims at bringing about a behavioural change among the beneficiaries to shift to eco-friendly idol worshipping from POP idols. The workshop also aims at creating awareness about the environmental contamination caused due to POP idols and toxic colours and its effects on the marine life.

In 2021 with the generous support of UPL we were able to conduct

21 workshops and reach out to
2100 students
and their family members.

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES :

School Transformation Programme in Government School Supported by Rotostat Services Pvt Ltd

Nityanand Marg MPS School

Parisar Asha took Nityanand Marg MPS, Koldongri under its wing in 2015 and started rolling out its Eco-tech World School Programme. Ever since then many corporates have generously supported this initiative. In the academic year 2020-2021, Rotostat Services Pvt Ltd extended its support to provide quality education to the underprivileged children of this school and joined Parisar Asha's mission of uplifting educational standards for Pre-primary to Std VII. The journey with our intervention at Nityanand Marg MPS for the past six years have been phenomenal. We have been able to internalise Parisar Asha's unique pedagogy 'Environmental Studies Approach to Learning' (ESAL) in the mainstream curriculum. Children have shown positive outcomes in their academic results. Teachers have successfully changed their techniques of classroom transactions to make the teaching and learning methods more effective. The outcomes have been extremely positive as the learning has become more joyful and the children are internalizing the lessons effectively. As a part of the programme, Parsiar Asha has also been conducting a lot of enrichment workshops for children on various topics on career choices, substance abuse, digital addiction, conservation, sustainability and stress management. Std VII to Std X students have been given access to Study Circles where they received handholding from engineering students from premier institutes in Maths and Science. Additionally, children were also encouraged to take part in our reading club for language development.

Around
500 children
were benefited
from this program
in the AY
2021-2022.

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES :

School Transformation Programme in Private Schools Supported by **National Oilwell Varco (NOV)**

**Vesawa Vidya Mandir School / Hebron English School/
Our Lady of Dolours**

After the schools faced a major jolt in 2020 due to the pandemic, schools were desperately looking for solutions to reach out to their students and provided them access to the learning material. This was also the time when the schools were trying to empower themselves and go back to the 'new normal'. During such dire times Vesawe Vidya Mandir, Hebron English School and Our Lady of Dolours reached out to Parisar Asha seeking help for empowering their school and realign the academic needs of the children.

Parisar Asha was delighted to take these schools under its wing with the support of NOV. In all these three schools we extended our intervention from Jr. KG to Std IV. Considering the limitations of the academic year 2020, we came up with a unique blending learning technique which was in synergy with our pedagogy called Environmental Strategies Approach towards Learning (ESAL). Using this technique, we started using the traditional form of teaching and online learning in a balanced manner nurturing the sanctity of our learning pedagogy ESAL.

We reworked on our strategies. Previously we used a school-based learning approach and now we used home-based learning. During this one year of intervention, we concentrated on developing the children's Physical Development, Academic development, Social Development, emotional development, language development and cognitive development. As a part of the programme, Parsiar Asha also conducted a lot of enrichment workshops for children on various topics. Std VII to Std X students were given access to Study Circles where they received handholding from engineering students from premier institutes in Maths and science. Additionally, children were also encouraged to take part in our reading club for language development.

We rolled out
the program
very successfully and
reached out to
965 students
19 teachers.

Launch of Positive Parenting Digital Application

Parisar Asha launched a free mental health app; 'Positive Parenting & Child Digital Application' on 8th Oct'21. This application is freely available for download on android phones. The app facilitates free counselling and therapeutic professional counselling for parenting, child related issues and a host of other mental health issues. This app is an extension of the Positive Parenting and Child Helpline program which is being supported by Capgemini, India.

The app was launched through a virtual event by Ms. Supriya Sule, Hon'ble MP, Lok Sabha in the presence of leaders from Capgemini India and mental health specialists from the mental health fraternity.

ANNUAL SUMMIT 2022: NEW HOPES, NEW BEGINNINGS

THE GLORIA de SOUZA
INTERNATIONAL EXCELLENCE AWARDS
FOR THE BEST SCHOOL EDUCATORS, AWARD CEREMONY

In the year 2022 we achieved a great milestone and completed 40 years of changing lives by revolutionising the education system. On this joyous occasion we held a grand 40th anniversary celebration called. “ New Hope , New Beginning”, to share this joy with all our loved ones, patrons and supporters. We were delighted to share this special day with everyone. On this special occasion we had an interesting conference where experts like Dr. Sunita Purushottam, Head of Sustainability from Mahindra Lifespace Developers Pvt Ltd; Mr. Anurag Pratap, Vice President of Corporate Social Responsibility from Capgemini Technology Services India Ltd and Dr. Yatri Thacker, Founder of Baby & Me Program shared their views about Education and Children. It was a great day where participants in huge numbers joined us for this conference.

Gloria de Souza International Excellence Award- Best Educator:

Additionally, on this very day we acknowledged and rewarded ten outstanding educators who have brought about a marked difference in the field of education and relentlessly worked towards the betterment of it.

We recognised them with Gloria de Souza International Excellence Award for Best Educator instituted in the fond memory of our late Founder Director, Ms. Gloria de Souza.

Marathi Divas

Marathi Divas is celebrated on 27th February across Maharashtra and Goa to observe the birthday of the eminent Marathi poet Kusumagraj. This year we wanted to create a buzz around this important day. Hence, we initiated an inter-school Marathi story writing competition for students of Std 5 to Std 9. This initiative was conducted at the Children's Welfare Centre High School and we are thankful to the school authorities for supporting this initiative. Children thoroughly enjoyed this activity and in a joyful manner learnt about the contribution of this great poet in Marathi literature.

Programmes conducted
in association with Women's Movement,
an initiative of Times of India Foundation

CELEBRATING MOTHERHOOD

It is so important to have our spirits uplifted during these gloomy and challenging times. Who other than a MOTHER can bring HOPE into any hopeless situation, so Parisar Asha celebrated a mother's love through an interesting session of 'CELEBRATING MOTHERHOOD' on Mother's Day, 8th May 2021. The Chief Guest - Ms. Smita Jayakar, a well known Actress, Transformative Speaker, Spiritual Healer, Spiritual Guide, Writer and Author, along with the Panel of Supermoms - Ms. Aarati Savur, CEO of Parisar Asha ; Dr. Sunita Purushottam, Head of Sustainability, Mahindra Lifespace Developers Ltd.; Ms. Dhanashree Page, Operations Head, CSR, Capgemini and Ms. Geeta Castelino, Educationist, Socio Psychologist, CSR & Corporate Consultant took part in the panel discussion.

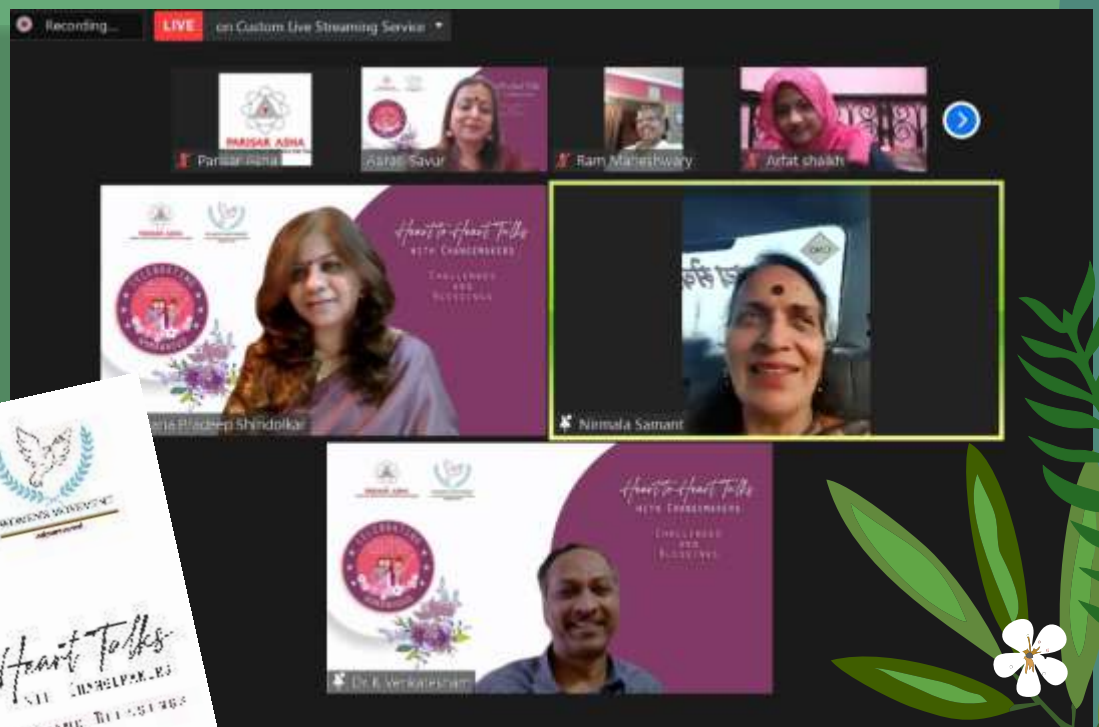

International Women's Day Celebration

Challenges & Blessings

– Heart to Heart Talk by Women Changemakers

On the occasion of International Women's Day, Parisar Asha in association with Women's Movement, an initiative of Times of India Foundation carried forward by Time of India associates organised a conference on 'Challenges & Blessings' – Heart to Heart Talk by Women Changemakers. This platform was shared by Women Changemakers who have made an indelible mark in the society with their contribution. We were blessed to have with us Dr. Fauzia Khan, Member of Parliament, Rajya Sabha & Ex- Education Minister, Maharashtra; Adv. Nirmala Samant Prabhavalkar, Former Mayor of Mumbai; Dr. K. Venkatesham, DG Civil Defence & Ex-Commissioner of Police, Pune; Ms. Sugandha Indulkar, Editor (Mumbai), Times of India, Student Edition and Gopika Jahagirdar, Assistant Commissioner of Police & Awardee of President Police Medal.

Leadership Series

Parisar Asha curated and conducted a special webinar series on “Leadership” in association with Women's Movement, an initiative of Times of India Foundation. In this series eminent personalities like Ms. Smita Jayakar – Actress and Transformative Speaker; Fr. J.A Carvalho – Director, Agnel Institutions, Dr. Niranjan Hiranandani – Co-founder and Managing Director, Hiranandani Group and Dr. Fauzia Khan - Member of Parliament, Rajya Sabha were the eminent speakers who shared their experiences and journey as leaders to inspire School Heads, Academic heads and teachers.

This was a wonderful series where these eminent speakers encouraged and motivated the participants by sharing their experiences and also shared their secret recipes to be successful and confident leaders.

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES :

Special Women's Day Session for Capgemini Women Employees

On the occasion of the Women's Day, Parisar Asha conducted two sessions on 11th March and 25th March '22.

On 11th March' 22, Ms. Aarati Savur conducted a special session on Women's Well-Being and Work Life Balance for the women employees of Capgemini. A lot of case studies and interactions were held while conducting the session. On 25th March'22, Dr. Yatri Gesota Thacker conducted on behalf of Parisar Asha as a guest speaker, a session on Women's hygiene. During her session she touched upon very pertinent topics like PCOS, PCOD, Menstrual problems and depression. Both the sessions were lauded and more than 215 participants turned up for these sessions. We are thankful to Capgemini for vesting faith in us and always considering us for such fabulous events.

The Hindu In School's mega camp a hit

STAFF REPORTER
MUMBAI

The Hindu In School, in association with Parisar Asha, organised 'Creative Kids', a 10-day-long mega online camp, from May 31 to June 10, which saw participation of more than 165 children across India.

The camp that was curated for two age groups – juniors (7 to 10 years) and seniors (11 to 15 years) – aimed at helping children get over the monotony of the lockdown and teach them essential life skills. Children also learnt various art and craft activities. There were also engaging sessions on language development, theatre, mind mapping, body movement, and mental health well-being.

Chief guest of the grand

A session in progress.

■ SPECIAL ARRANGEMENT

online graduation ceremony on the last day of the camp was actor Rajeshwari Sachdev. N. Vaidyanathan, general manager West, The Hindu Group of Publications, and Aarati Savur, CEO, Parisar Asha, were also present along with the participants and their parents.

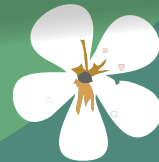

Ms. Sachdeva applauded the efforts of Parisar Asha and The Hindu in School and urged the children to keep up the good work. Ms.

Savur also appreciated the efforts of the children and the importance of their parents' encouragement in keeping them motivated.

Mr. Vaidyanathan said such efforts were of utmost importance which contributed positively to a child's growth. He also announced one free subscription to the Young World Club for all the participants.

The event was sponsored by Life Insurance Corporation of India and the energy partner was Hindustan Petroleum Corporation Limited.

The Hindu In School to conduct eco-Ganpati making workshops

STAFF REPORTER
MUMBAI

The Hindu In School, in collaboration with a Mumbai-based NGO, Parisar Asha, is conducting mega eco-Ganpati making online workshops to sensitise families to the environmental contamination caused by the immersion of POP Ganesha idols.

The workshops aim to teach the participants and their family members the technique of making Ganpati idols using fire clay (shadu) or other easily available eco-friendly material and conserve the environment.

The efforts are directed towards creating a ripple effect where the trained participants can further pass the knowledge to their community members.

The workshops will be held on August 14, 15, 21 and 22, and September 4 and 5. Two batches will be conducted on each day at 11 a.m. and 4 p.m..

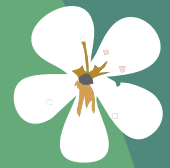

Children can choose the dates and batch to attend the

sessions by paying a nominal fee of ₹299. To register, call at 9820955057/8828233442/9821083540 or email at info@parisarasha.com/ajit.balan@thehindu.co.in.

This initiative is being presented by Union Bank of India, and Hindustan Petroleum Corporation of India is the energy partner.

The best work will be selected at the end of each session and all the winners will be awarded after the event.

Eco-friendly Ganesha making workshops held

The top 25 eco-friendly idols were displayed at a virtual ceremony on September 19

Students pose with their eco-friendly idols at the awards ceremony.

The Hindu in School in association with a Mumbai-based NGO, Parisar Asha, conducted eco-friendly Ganapati making workshops online in the months of August and September. The objective was to create awareness about eco-friendly idols that cause less environmental damage as compared to POP idols.

The workshops taught the participants the technique of creating idols from shadu clay or other easily available eco-friendly materials. More than 800 children and their family members took part in the workshops spread across 12 sessions.

The initiative culminated with the announcement of the winners at a grand virtual ceremony held on the occasion of Ananth Chaturdashu on September 19.

The top 25 eco-friendly idols

were acknowledged and the winners were rewarded. The winners were selected by an external jury consisting of veteran artists.

This initiative was presented by Union Bank of India, and Hindustan Petroleum Corporation of India was the Energy Partner.

SCHOOL IS COOL

MONDAY, AUGUST 2, 2021

It's not just a place where
Relativity. It's also a place
classroom. Hence we say,

 **THE EDUCATIONIST**

**EDUCATION BEYOND
THE CLASSROOM**

Aarati Savur is the CEO OF Parisar Asha - centre for educational research and training. She is a passionate educationist. She shares her insights with Urvi Dhonde

Q: How important is it to integrate Art in the school curriculum?

In art there is no right or wrong. Through art, students can express themselves freely with a decision-making power. This works wonders when the child grows up. It becomes easier for parents to raise a happy child. When we use art as a media for teaching methodology, learning becomes a joyful experience.

Q: According to you, the word environment refers not necessarily to nature but to one's spiritual, social and academic environment. How does the academic and social environment of a student influence his/her all round development?

A child's social and academic environment plays a very important role in

Aarati Savur, CEO Parisar Asha

their development, as we are all a product of our environment. We conduct free parenting sessions wherein we tell parents that they should strive to create a good environment for their children so that their children become good human beings.

Q: Parisar Asha's Eco-Tech world school program aims to blur the line between the classroom and the outside world. How do you envision it?

We have carefully crafted lesson plans for teachers in accordance with the school curriculum although taught in a different way. We have created simple activities involving theatre, music, drama etc., which will not only enhance academic skills but also equip students with 21st century skills such as creativity, critical thinking and communication.

Q: What is one quality of children that we should inculcate in ourselves?

One quality isn't enough, you need to be a child at heart forever!

Testimonials :

Smt. Supriya Sule
MP, Lok Sabha

“ It was a miracle to meet Parisar Asha at a juncture where we also wanted to contribute in the mental health space. Parenting is a difficult path and its great to see Parisar Asha making lives easier and simpler. I wish them all the best for their future endeavours.”

Ms. Rajeshwari Sachdev
Actor, Dancer, Singer

“ It is commendable to see Parisar Asha's work during the pandemic. Life has been stagnant during the pandemic and it is wonderful to see how Parisar Asha has kept the wheels turning and kept the children on the roll so that they achieve their developmental milestones.”

To
CEO
Parisar Asha

My association with Parisar Asha goes three decades back. The late Founder, Director of Parisar Asha, Ms. Gloria de Souza helped us in setting up schools in Parbhani. It was a fascinating experience to work together in this noble project. Today, I swell with pride and joy to see Parisar Asha's growth and its transformation. Parisar Asha has been working relentlessly for the past 40 years as a catalyst to bring about innovation and bridge the gaps in the education system at the grassroots level. I wish them all the very best.

Yours Sincerely

Dr Fauzia Khan

Testimonials :

Ms. Snigdha Roy
Principal
Fr. Agnel Multipurpose School, Vashi

“I want to congratulate Parisar Asha for the wonderful work they have done with the children and the educational fraternity during this pandemic times. PA worksheets helps the children to think, reason and express themselves and when the teachers review the work it is like going through very special individual student experience. So, these are much more than a worksheet and these worksheets helped the children to remain engaged in a fun way and learn in these very difficult times. The 'WOW' and 'Ask the Expert' webinars have been wonderful learning experience which had been arranged for the adults. We understand the daunting task of arranging such experts every week and presenting webinars on varied subjects and it has been a wonderful experience. All the topics were well researched and extremely relevant to the educational fraternity. We are thankful to Parisar Asha for extending their help in this COVID times and helping us in our efforts of continuing education.”

Mrs. Rajani Bhatti
Principal
Guru Nanak Mission High School, Andheri

“The pandemic created a lot of challenges for us to impart education to the students, especially the tiny tots. However, Parisar Asha’s support and their worksheet books helped us a lot to mitigate these challenges and made learning very easy. We had distributed the books among the students and the teachers have been giving the instructions to the students through the medium of videos. Now the students are able to continue education with the support of their parents and teachers. Parisar Asha’s support has helped us to sail through comfortably during this pandemic and I thank them for that.”

Testimonials :

Ms. Emie Dmello
Principal
Sir Jacob Sasson High School

“Parisar Asha has been working with us for the past 15 years. Parisar Asha's books are very comprehensive. They help parents and students because for parents the text books become too heavy. Teachers have been very benefitted by these text books because their planning time is reduced. Their program is very comprehensive and they help us in other fields like conducting teachers' training. They also help us in dealing with problems of children and their counselling centre is always at our aid. Parisar Asha has been very helpful to us in the COVID times and helped our teachers to migrate online and all said and done they are a family to us.”

Mrs. Jennifer Pereira
Headmistress
St. Stanislaus High School

“We are happy to be associated with Parisar Asha over many years. This year during the pandemic, we faced many challenges, however, Parisar Asha has been able to be the bridge over these challenges. They have reached out to parents, teachers and children. Their workshops were wonderful which they organised for children in speech & drama, elocution and art. The webinars organised for parents and teachers over many weeks were extremely beneficial where experts have spoken to us and helped us with strategies to counter the pandemic situation. The special Wednesday Online Workshops (WOW) organised for teachers have been very enriching and have worked as fantastic tools in sharpening their skills.”
